Hey. I am on vacation. You can put the ER data as an attachment and reference it in the removal report. I will look at everything when I get back

Hey Gary,  
I've gotten the results separated by container type and added the excel site layout.  
I'm not sure exactly what you want to do with the ER data. Do you just want me to include it as an appendix and reference it in the text or do you want a section on the ER data, other than what is in section 2.2?  
Thanks,  
Daniel

**Subject:** CES: Assessment Report Comments  
Daniel:

The organization of the information is not exactly like I want it. Here are my comments:

1. We don't need the pollution reports in the assessment report. This will be in the removal report.
2. I would like the data separated by type of container if possible (Frac Tanks, Aboveground Storage Tanks, Wastewater Aboveground Storage Tanks, Secondary Containment, etc.) Also, I would like you to pull in the data from the ER Report and indicate that it came from the ER Report. If you have questions, please contact me.  
I will review the narrative and get back to you.  
Thanks
